Who We Are

Mission in Brief

“Allschoolabs scientific is not just another laboratory company. We are a group of scientists set on a course to dignify Mama Africa through the construction of exquisite laboratory infrastructures, the installation of authentic equipment and conduction of credible sample analysis on which medical, industrial and academic institutions will ride; producing ground breaking discoveries that will enhance the quality of the life and environment of the black man”

Ken Kendrick
Chief Marketing Officer
November 17, 2020

Notes to Investors

While the world around us remains turbulent, we keep building on our strengths. In 2021, despite all odds, we have grown to new record levels. We are acclaimed as the fastest and most credible laboratory responder in the country. Our healthy business strategy and customer priority attitude allows us to perform excellently despite challenges in the performance of the industry as the world knows it.

We are growing very rapidly, it's amazing. We hope to replicate across every city of the nation before 2025. This is possible together. Our financial performance is strong, and so is our organizational health. Our team of leaders are bringing to life our strategy "Credibility wins".

With the use of technology and innovation, we are creating an innovative business model that succeeds with everyone on board (customers, staffs, representatives, affiliates and investors). Using this model, we remain confident that even in uncertain times that we will always thrive. We have therefore written down our company goals and, over the past few years, established it throughout our departmental units. Everyone working together, putting into actions what inspires everyone at Allschoolabs and dedicating their best efforts to our customers day after day.

We invite you aboard. We win bigger and grow faster standing on the shoulders of investors as you.

Please write us,
